I have been asked to write an article for our annual again this year. I appreciate that opportunity. I have one thing that concerns me a great deal about education in our world today. It is not just in Keyes, Oklahoma, but in many schools across the United States. This concern is how to convince students, both young and old, that education is a building process from day to day and year to year. A teacher cannot pour it into your head like filling up a water glass. They can only provide the information and procedure for you to learn. You must have a desire to take it and work with it and learn how to apply it to your everyday life.

Young people, you have a golden opportunity to obtain one of the greatest educations known to man in any stage of history. I encourage you to take the stepping stones of education each day and apply them in self disciplined control to your life.

This year we had the privilege of have a great teaching staff.

The teachers have a hectic life to live. Teachers are human too. They have days when they would rather not face us students.

We are proud of our teaching staff, they really put in a long day giving us students an education.

If dedication is what it takes to have a great teaching staff, KHS has super teachers.

The board of education is proud to serve Keyes Public Schools.

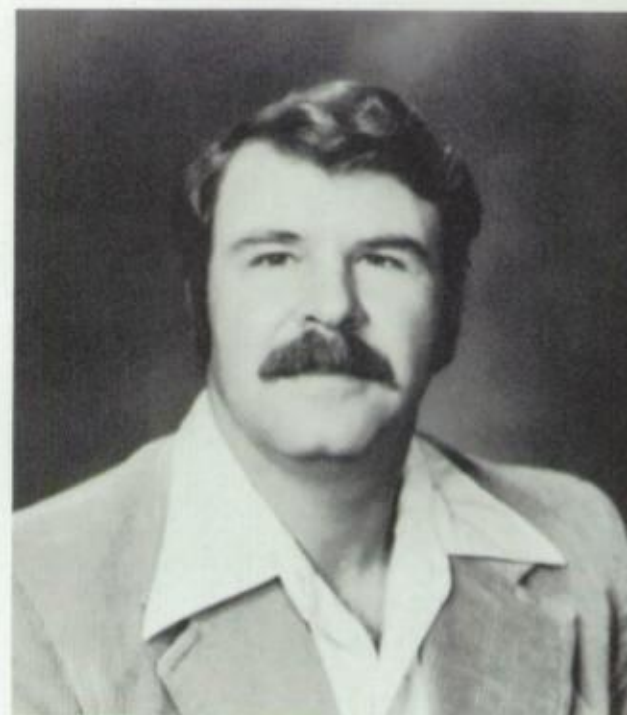

We have an excellent administration, faculty and student body.

We have students who represent our school well in athletic and scholastic functions, and we believe these things start at home.

With a good attitude and the help of the parents we can have a good school year.

God made a world out of
His dreams.
Of magic mountains,
oceans and streams,
Prairies and plains and
wooded land.
Then paused and thought,
I need someone to
stand on top of the mountains,
to conquer the seas,
Explore the plains, and climb the
trees. Someone to start out small and
grow sturdy, strong like a tree and
so . . . He created boys, full of spirit
and fun
To explore and conquer, to romp and
run with dirty faces, banged up
chins with courageous hearts and
boyish
grins. When He had completed
the task He'd begun,
He surely said, "That's a job well
done."

God made the world with its
towering trees Majestic
mountains and restless seas
Then paused and said, "It
needs one more thing.
Someone to laugh and dance
and sing, to walk in the woods
and gather flowers, to
commune with nature in quiet
hours."
So God made little girls
With laughing eyes and bouncing
curls, Enchanting ways and
feminine wiles.
And when He'd begun,
He was pleased and proud of the
job He'd done,
For the world, when seen
through a little girl's eyes
Greatly resembles Paradise.

I Shall Not Pass This
Way Again

Through this toilsome world,
alas;
Once and only once I pass;
If a kindness I may show,
If a good deed I may do to
a suffering fellow man,
Let me do it while I can.
No delay, for it's plain
I shall not pass this way
again.

A Smile

Let others cheer the winning
man,
There's one I hold worth
while;
This he who does the best
he can,
Then loses with a smile.
Beaten he is, but not to
stay
Down with the rank and file;
That man will win some other
day,
Who loses with a smile.

TO REACH A STAR

If I only knew a star,
That was our sun's kin,
or even find a car,
That I could reach it in.
So I could reach a goal,
and then at the time,
to have something to show,
which would be so fine.

The Falling Star
I saw a star slide down the sky,
Blinding the north as it went by,
Too burning and too quick to hold,
Too lovely to be bought or sold,
Good only to make wishes one
And then forever to be gone.

April 9, 1981 was the first Academic Bowl ever to be held at Keyes High School. How did we do it? All the student body was involved. The preliminary round consisted of each student competing against their classmates. The top six students with the most correct answers from each class went on to the final rounds. Teams in the final rounds consisted of one freshman, one sophomore, one junior and one senior. These were drawn at random. The Academic Bowl was fun and we are all looking forward to next year's competition.

Who did he say? Kent, Julie, Jimmy, Lisa, and Todd can't believe what they just heard.

OOH! It's itching me all over! The devil has Kent in his power.

Sit down heah Mes. Benjamin. A thanks it yous to be day sofer. Joe prepares a seat in the burned mansion for Lisa and Julie.

Ben and Sara are glad its over exclaims Julie and Jimmy as they take their curtain call.

Homecoming Activities "82"

The Juniors racked up a win during the all-school competition with this cheer led by Todd Hitchings, Gary Hudgens, and Tommy Grazier.

Albert you sure have them trained. This was the senior's cheer of the afternoon.

When Todd drinks a coke he gets a hug instead of a smile.

Dana don't try too hard you may pop your eyes out.

Jimmy you should just give up. Mr. Bliss judges this event.

Randy's just practicing for Saturday night.

I hope you don't chew gum that was all the time, Kent!

I see you have been riding horses again, Jeannie.

Tesa just monkeying around.

Is that a new way of kissing, Susie and Roby?

I want some too!. In this case some is shoes. Everyone's shoes were piled in the center of the floor — some shoelaces were tied together.
